Instructions on safe handling: Avoid formation and deposition of dust. Provide adequate ventilation.

*Storage*

Storage conditions: Store in a cool and dry place.

**8. Exposure Controls/Personal Protection**

Additional information about design of technical systems: Provide adequate ventilation.

*Personal protective equipment*

General protective measures: Do not inhale dust. Do not eat, drink or smoke during work. Wash hands before breaks and at the end of the shift.

Respiratory protection: Dust mask.

Hand protection: Protective gloves (EN 374)

Eye protection: Safety glasses

**9. Physical and Chemical Properties**

Form: solid

Color: red

Odor: odorless

Melting temperature: not determined

Boiling temperature: not applicable

Solubility in water: soluble

**10. Stability and Reactivity**

Thermal decomposition/Conditions to be avoided: Stable when used according to specifications.

**11. Toxicological Information**

Further toxicological effects: Acute or chronic effects are not expected.

**12. Ecological Information**

Further ecological effects: Natural product. Environmentally not hazardous.

*Further information*

Water hazard class: 0

**13. Disposal Considerations**

Product: In accordance with current regulations, product may be taken to a waste disposal site or incineration plant, after consultation with site operator and/or with the responsible authority.

Uncleaned packaging: Clean packaging material can be recycled.

**14. Transport Information**

Further information: Not classified as a dangerous good under transport regulations.

**15. Regulatory Information**

Designation according to EC  
guidelines:

The material is not subject to classification according to EC lists.

Water hazard class:

0, not hazardous (self-assessment)

## 16. Other Information
